

Covid-19 Status Update

March 26, 2020

TUOHY

To all TUOHY customers:

The Coronavirus (COVID-19) continues to cause intense concerns worldwide. TUOHY is monitoring the situation daily and making sure that as little disruption as possible occurs in our efforts to serve our clients.

The current status of TUOHY operations is as follows:

- We are operating according to the State of Minnesota March 25 Stay at Home order. Our customer service, engineering and purchasing personnel will be working remotely, leveraging communication software to the fullest extent. Our warehouses will continue to receive inbound shipments.
- Supply chains are being affected worldwide; impact to TUOHY thus far remains minimal in most product categories.
- Shipments are on time for many of our products. Contact customer service for detailed information about your project.
- We are taking the utmost precaution in every location to ensure the health and well-being of our employees by following preventive measures at the guidance of all authorities, including the World Health Organization (WHO) and Centers for Disease Control (CDC).

Our primary focus is and will be on the safety of our employees, independent reps, dealers, customers, and suppliers.

We appreciate your flexibility and understanding during these challenging times, and will provide updates as more information becomes available.

Sincerely,

Daniel J. Tuohy
CEO and President
