File Drawers: Lateral

File Drawers: Front-to-Back

DRAWER CONSTRUCTION

A fine point for a quality casegood product is the inner drawer construction. Each TUOHY casegood offers you uncompromised excellence in this area as well. Drawer boxes are constructed with dovetail joinery for maximum durability. The drawer face is mounted separately to this box (i.e., five-sided construction) to maintain integrity.

Drawer bottoms are dadoed on all four sides. Slides for box drawers are rated at 100 pounds per drawer; slides for file drawers are rated at a heavy duty 150 pound load per drawer. All slides have progressive action.

Box drawers have a removable divider, adjustable when depicted (±). File drawers have suspension rods for filing laterally or front-to-back, as depicted. For Drawers for Lap Area, Drawer Pencil Tray, and Locks: See the Introduction/Terms-Options section of the Master Price List, page 12.

Wall Visual Boards

How to Order Credenzas and Buffet Credenzas:

Choose the Credenza or Buffet format desired from each of the four listings above and on the opposite page. Note the ProdNo and List \$ that correspond to the depth and back (finished/unfinished) desired. Follow the ProdNo column down until you have located the first (left-most) pedestal desired, then append the letter/number code to the original item number and add the price to the original price. Continue adding pedestals in this manner until your unit is complete. The overall credenza or buffet width will be the accumulated widths of all pedestals chosen; the overall price will be the accumulated prices and the final item number will be the original number plus all of the letter codes for the pedestals added. The maximum running width is 120 inches; units over 72 inches ship in two sections and require assembly. Tops are finished. See also the information on the following page.

Interior Box Drawers may be added to any cabinet and are field-installed.

Interior Box Drawers have a matching veneer drawer face.

Dimensions: Full interior width minus allowance for cabinet hinges; full interior depth; 6h

! Notes—for all Credenzas and Buffet Credenzas

The maximum running width is 120 inches; units over 72 inches ship in two sections and require assembly.

Prices shown here regard Wood1 finishes; note surcharges for Wood2 finish.

Geneva credenzas are not modular. Tops, faces and back panels are each made from single pieces of veneer to guarantee consistency of grain and color.

Items listed above have Wood1 surfaces, an unfinished back, and an MBN Brushed Nickel base/leg frame.

Credenzas have a kerf detail along edges and vertical corners.

All cabinet and drawer pedestals include locks.

+ Options:

For Silex faux-leather doors, specify Option LF and add \$582 per door.

For Silex faux-leather stitched doors, specify Option SF and add \$792 per door

For drawer/door locks, specify Option DL and add \$168 per door or drawer. No locks available on faux leather doors.

For customer-supplied and installed stone tops, specify Option ST (no price change); templates provided.
