TUOHY

Lena Collection

Grade L1

Full grain leather with even coloration throughout the entire hide. Superior selection of European and New Zealand cattle hides are hand selected for Lena. These hides are recognized industry wide for their clean surfaces and excellent cutting yields. Luxurious soft hand and smooth supple surface make this one of the most beautiful leathers available and is appreciated worldwide. The protective finish allows Lena to be suitable for most public and private environments.

Processing and Finishing

Lena is processed using low emission mineral tanning formulas which are environmentally friendly. The hides are retanned in aged oak drums using vegetable agents, natural fat liquors and oils along with dyes that ensure the leather is properly through dyed. No PCP or CFC is used during the tanning process. Waterbased finishes are applied to provide an even coloration and protection to the leather.

Lena Technical Specifications

Raw Material: European or New Zealand
Thickness: 0.9 to 1.0 mm
Abrasion: (ASTM D 3884-92) 500 gram load: 800 cycles
Flammability Resistance: UFAC 1. California 117.
Origin: Vicenza, Italy
