

PLEAT
COLLECTION

TUOHY

Pleat Collection is an array of seating pieces based on an organic, molded seat form that is ergonomic, adaptable, affordable and brilliantly detailed.

Design by Populous

The design is well suited to a wide range of interiors environments, from group conference and private office, to lobby and hospitality settings. It is offered with a wood leg base, a 4-star base with foot pads, a 5-star base with casters, a disk base, and a wire frame base.

Disc Base	4-Leg	5-Leg	Wire Leg	Wood Leg

Pleat seating may be adjustable in height, with a low-profile swivel-tilt mechanism. It is also available with casters or foot pads for stationary use. The molded bucket shell is fully upholstered with the signature pleat detail at the center-back.

Adam Stover, Populous, on Pleat:

"Pleat elevates the Tuohy seating portfolio and allows their upholstery capabilities and attention to detail to take center stage."
