

# Moderna

Lounge

TUOHY

**Moderna** is a contemporary lounge seating collection that reflects the streamlined geometry of mid-century furniture. Ideal for creating a cohesive, welcoming aesthetic in hospitality settings, reception areas, and casual lounge spaces, versatile **Moderna** is available in a variety of sizes and configurations.

## Unique Configurations

Moderna has the flexibility to meet the unique needs of a space. Choose from club, settee, sofa, and quad sizes, along with benches in single through quad sizes. Pieces can be attached to form larger layouts and are available with or without arms, or with arms on the right or left only. The collection also includes attached or freestanding occasional tables that mirror the lounge seating's crisp, angular silhouette.

#### Abundant Options

Create a minimalist look or add depth and texture by specifying plain, button-tufted, or quilted backs for the lounge seating. Upholstery options include leather, faux leather, and an array of textiles, along with a variety of metal finishes for the base.
