

Rhoi

Tables

TUOHY

Defined by soft corners and seamless planes, Rhoi has an elegant, modern silhouette that offers a welcoming aesthetic. Named after the Welsh term meaning “to give or exchange,” the Rhoi table collection effortlessly encourages collaboration in work and meeting settings.

Strength in Structure

These tables have a sturdy metal apron assembly that supports a wide range of top shapes and sizes — up to 20 feet in length and spanning up to 10 feet without an intermediate leg. Finishes can either contrast or complement the warm wood legs.

Sized for Every Space

Available in standard conference height or a 27" option perfect for pairing with side and lounge seating, Rhoi tables bring both versatility and elegance to collaborative spaces. We also offer parametric sizing, so you can specify a table size that's uniquely suited to your space.

Pick the Perfect Shape

Bring your design vision to life with a variety of top shapes including square, rectangular, round, triad, and super-ellipse, available with squared or beveled edges and with or without a metal edge.
