DRAWER CONSTRUCTION

A fine point for a quality casegood product is the inner drawer construction. Each TUOHY casegood offers you uncompromised excellence in this area as well. Drawer boxes are constructed with dovetail joinery for maximum durability. The drawer face is mounted separately to this box (i.e., five-sided construction) to maintain integrity.

Drawer bottoms are dadoed on all four sides. Slides for box drawers are rated at 100 pounds per drawer; slides for file drawers are rated at a heavy duty 150 pound load per drawer. All slides have progressive action.

Box drawers have a removable divider, adjustable when depicted (÷). File drawers have suspension rods for filing laterally or front-to-back, as depicted. For Drawers for Lap Area, Drawer Pencil Tray, and Locks: See the Introduction/Terms-Options section of the Master Price List, page 12.

! Notes:

To order, specify the Product No. listed at top, then list the Spec Codes in L to R order in your description.

The total price is the price listed at top plus the sum of the prices for the Spec Codes you itemized.

Specify pull style/finish item number from those shown at left.

All prices are based on Wood1 finishes; veneers are horizontal.

Utility Drawers include a vent/cord exit in the rear panel.

+ Options:

Face Locks are included on all drawer and door pedestals. For no locks, specify Option NL.

For finished back, specify Option FB; add the \$ amount shown at far right; continuous back up to 72w at 18d/24d.

For finished left side, specify Option FL; add \$227.

For finished right side, specify Option FR; add \$227.

For finished both sides, specify Option FS; add \$454.

For High Gloss Solid Color door/drawer fronts, specify Option HGF; add \$827.

For ventilation cutout (where not included), specify Option VS; add \$410.
