

Fabric Panels - Approved COM

- All COM/COL and non-standard graded in materials must be pre-approved by Tuohy before we can process a purchase order.
- All materials included on this list have been pre-approved for use on this specific product line.
- Please be aware that while some vinyl and leather products are approved for use on Tuohy fabric panels, push pin holes will be visible
- Fabric panels are tackable and non-magnetic.
- If your material is not listed, contact your sales manager to inquire as to whether it has been tested, as this is not a comprehensive list.
- To have a material tested please send a memo sample (12"x12" appx) to the address shown below tagged with the project information.
- Please be sure to send sample tracking information to your sales manager so they can follow up and contact you with the results.
- After a furniture order is placed that includes an approved COM/COL material please have the vendor ship the material to the address below tagged with project and order information.
- Dealers may incur shipping charge backs for materials shipped to the incorrect plant.
- Note: This is not a comprehensive fabric list. It is updated periodically and does not contain every fabric supplier. Tuohy does not guarantee all materials listed are currently available for purchase from the material suppliers.

**** IMPORTANT: All tack panel fabrics must have backing included or the warranty will not apply. Not all the fabrics listed above include backing from the manufacturer. It is the dealer's responsibility to ensure that backing is applied before it arrives at Tuohy.****
