

Atheneum

Casegoods

TUOHY

Traditional and fully modular, Atheneum is ideal for executive and middle management environments. Crafted from veneer and wood solids, this casegoods collection includes a variety of desk and storage solutions. Create expansive work walls with credenzas and wall units or configure administration stations to suit diverse workplace needs.

Comprehensive Planning and Storage

Design refined yet highly functionally reception and administration stations with the Atheneum collection, which includes desks, returns, and bridges, along with a broad range of storage components. Modular credenzas offer flexible configurations with drawers, cabinets, and open shelving, while freestanding cabinets, bookshelves, and wardrobes expand planning options. Hutches are available in two heights, with wood doors or glass, in a variety of configurations to support both display and storage needs.

Material Variety with Elevated Details

Atheneum is constructed of veneer and wood solids in cherry, mahogany, and walnut, available in a range of finishes. Add quarter-sawn boards to casegoods and tables to introduce a more traditional expression and highlight the natural character of the wood. Specify gallery panels to create refined reception and administration stations, showcasing the design's elevated materials and detailing.
