

902

Seating

TUOHY

Sleek and modern, 902 is a versatile seating solution for office and conference environments. This elegant yet understated chair is available in a variety of adjustable configurations to suit people's needs, along with finish and material options that will give a space a distinctive look.

Flexible Configurations, Tailored Comfort

With 902, you can outfit a space with seating options to suit various needs, all with a consistent aesthetic. Choose from a high-back option with loop arms, mid-back with loop arms, and mid-back with adjustable arms. The design also includes the option for upgraded casters and arm caps—allowing you to fine-tune both comfort and performance.

Refined Materials and Finishes

The 902 chair is available in a wide range of leather, faux leather, and upholstery fabrics, with back mesh offered in four color options. Specify bases in black, polished aluminum, bronze, or dark bronze finishes for an elegant look and optimum durability.
